INSTRUCTIONS FOR SLIDE OFF DECALS

1. Immerse decal in water 10 seconds, remove and drain 30 seconds.
2. Gently slide decal off edge of backing paper, hold in position desired, slip backing paper out from under decal.
3. Squeegee decal in place working from center out until all water and air bubbles are worked out.
4. Wash surface of decal with clean water and cloth to remove sticky substance.
5. Do not disturb decal for 12 hours.
